Sprint 4 Report

No-Taps
3/12/2024

Actions to Stop Doing:

        Stop scheduling meetings when people cannot attend

Actions to Start Doing:

        Start collaborating more between Frontend and Backend

        Start having more meetings for each group

        Start updating Asana board more

        Start 'bulletin board' channel for updates on each group if someone misses something

Actions to keep doing

        Keep meeting regularly

- We must keep meeting regularly for our scrum meetings
- Weekly in person meeting

        Keep posting regularly on Discord

- We must keep regularly posting documentation, schedules, and communicating through Discord

Work Complete/not Completed

        This week we finished setting up:

- User guide in a question mark logo
- MySQL database connection
- Reset functions for the taps logo
- Searching Algorithm
- Quick Search
- Online hosting

        We still need to complete:

- User login
- Polishing UI

Work completion rate:

- About 20 hours completed
- 2 weeks spent on Sprint
